## Technic, Global Leader in Specialty Chemistry and Equipment, Publishes 2019 North American Product Guide

Cranston, Rhode Island, USA – Technic, Inc. has announced the publication of its *2019 North American Product Guide*. This curated listing of Technic's world-class chemistry and related equipment has been a trusted resource for Technic customers for decades.

Technic, a global leader in the manufacture and supply of specialty chemicals, is proud to release its most extensive North American Product Guide to date as it approaches its 75<sup>th</sup> anniversary this fall. The Product Guide highlights top products used in semiconductor, electronic component, connector, printed circuit, solar, industrial and decorative applications. Organized by application (for ease of use), the publication offers concise descriptions of the function of each product, as well as a listing of key characteristics of interest to users/potential users.

Technic's *2019 North American Product Guide* is free of charge and **available for download at** [www.technic.com](http://www.technic.com) or through your Technic Sales Representative.

### **About Technic**

Technic Inc. is a Rhode Island based corporation with over 950 employees worldwide. For 75 years, Technic has been a global supplier of specialty chemicals, custom finishing equipment, engineered powders, and analytical control systems to the semiconductor, electronic component, printed circuit board, industrial finishing, and decorative industries. Technic is also a major supplier of engineered metal powders to the solar industry.
